Location

Hazel Grove, Stockport

Reports to

Registered Manager or delegated deputy

Type of DBS required

Enhanced, Child & Adult Workforce & checked through both the Child & Adult Barred Lists (we will apply for this on your behalf)

Job purpose

To work as part of an Adult residential care team providing support for individuals with their physical, clinical, health, emotional and social needs with an emphasis on promoting independence, whilst preparing, assisting and enabling them to fulfil the aims of their person-centred care plan. Safeguarding vulnerable people both children and Adults is a priority for all employees.

Nature of the post

The post holder will be based at our Adult Residential Care Home in Hazel Grove, Stockport. Employees should note, however, that they are employed by the Trust and may be required at some point to work at other appropriate Together Trust units.

The Adults in the care of the Together Trust will have a variety of complex needs for which they will be varying levels of support. In order to provide the required support, the staff team will work shifts allocated by the Manager or the delegated deputy. This includes weekends, evenings, and sleep-in duties. A number of administrative hours will be spent attending meetings, supervisions/appraisals, training and annual residents reviews. In undertaking activities with the residents and on behalf of the home the post holder can expect to use the Trust's vehicle(s) based at the home.

It is an expectation that the post holder will successfully complete the Trust's induction and foundation programme and relevant NVQ qualification within the required timescales set by the Trust. The post holder will be expected to meet the requirements as set out in National Occupational Standards. This requires participating in care planning, risk assessments, keyworking, liaising with residents families, report writing, attending meetings, being proactive in relevant training and working as a team, as well as supporting the residents as appropriate to meet their needs whilst encouraging independence.

However, the nature of the work of the Trust is varied and, in many instances, unpredictable. All staff are therefore expected to work in a flexible way and tasks that have not been covered in the job description have to be undertaken.

The work of the Residential Social Care Worker (RSCW) is guided by senior staff, but the RSCW will be expected to progress to leading shifts as part of their ongoing professional development. The key duties include record keeping in accordance with legislation and regulations, and providing guidance to less experienced members of the team, including the support staff.

In order to be successful in progressing to a more senior post, it is expected that the post holder will be able to demonstrate significant professional development, evidenced by a range of transferable competencies, and have undertaken additional responsibilities, such as for example, the role of Training Co-ordinator, Health & Safety Coordinator, or SCiPr Monitor.

At all times, the post holder is expected to conduct themselves professionally, to work within the current legislative framework and adhere to the Trust's Policies and Procedures.

Key responsibilities

- Provide a caring, safe, secure and accepting environment that meets the physical, health, social needs and rights of the residents. This will include supporting less experienced staff via positive and effective team working to achieve high quality standards of care that are set and agreed by the Registered Manager on behalf of the Trust. This work will aim to respect and promote the needs of each resident arising from their racial, cultural and religious background.
- Assist with the assessments of need and formulation of plans. This involves working in partnership with other agencies and taking into account the wishes and feelings and Best Interests of the residents.
- Undertake direct work that is designed to meet the residents needs as identified within the care plan, enabling them to reach full their potential.
- Develop and maintain a good level of awareness of Adult Safeguarding issues, assessing and recording risk. This will include referring Safeguarding issues to the Registered Manager or local authority in a timely manner.

- Maintain accurate and up to date records of the work undertaken with the residents and complete written reports for planning meetings and statutory reviews as necessary. This will be in consultation with the line manager and be undertaken to a standard commensurate with the professional aims of the service.
- Undertake a range of domestic duties, including cooking and some cleaning, to a good standard, to ensure compliance with health and safety policies and the guidelines for young people and staff.

Other responsibilities

- Actively engage with the Together Trust's vision, mission and values.
- Commit to promoting equality, diversity and inclusion.

Additional information

- The work at the Trust for those working directly with the residents can on occasion be physically demanding and employees must be able to undertake in full the requirements of the job and requisite training.
- For the safety of staff and residents, training will be provided to assist employees to carry out their role, specifically the Movement & Management of Loads and People, Emergency First Aid and PROACT SCIPr UK training (this provides staff with the skills to carry out the sometimes necessary safe holds in a non-threatening way). Employees will be required to fully participate in all training.
- Having a disabling condition does not preclude you from working for the Together Trust. However you should make the Together Trust aware of any adaptations required to enable you to undertake the work.
- We are committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and expects all its staff and volunteers to share that commitment.

- The Together Trust is committed to equality and diversity, but is under represented in the workforce by men, men and women from ethnic groups and people with disabilities. The Together Trust therefore welcomes applicants regardless of their racial, ethnic or national origin, religion or beliefs, disability sexuality, age or responsibilities for dependents.

Person specification

You will need demonstrate the extent that you have the necessary requirements for this role. Please use examples in your application how you match the criteria in the person specification and your experience of the responsibilities outlined for the role.
